REBUILT CALIPER HEADQUARTERS OF AMERICA  
PRINT THIS PDF

**START HERE - LET'S GET REBUILDING!**

**Before shipping you caliper cores to HQ, please remove and dispose of any brake fluid that remains in the caliper bodies. Once the fluid has been removed, please follow the below instructions to ensure safe transport of your calipers to HQ.**

- 1.) Place caliper unit into plastic bag.
- 2.) Secure bag with tape, zip tie etc.
- 3.) Place caliper units into appropriate shipping box.
- 4.) Complete CALIPER ORDER FORM and place inside shipping box.
- 5.) Fold this sheet in half and attach securely to shipping box.
- 6.) Complete return address information.
- 7.) Ship to CaliperHQ using the courier of your choice.

**CAUTION: Brake fluid is corrosive and can cause skin irritations, clean any spilled brake fluid immediately to avoid damage or bodily harm. If you get brake fluid on your skin, wash it off immediately to avoid irritation.**

FOLD HERE AND ATTACH LABEL TO SHIPPING BOX
